MasterTest sample exam

Try MasterTest Marker with this sample: an answer key, then a short quiz for three students and one blank card. The quiz has one question of each type: multiple choice, multiple answers, true/false, short answer, fill in the blank and a number answer.

1. Print this file on letter paper, one side. (Scanning from a screen also works for the answer key, but cards are best printed.)
2. Fill in the answer cards on pages 3 to 6 with a pen or pencil: fill each bubble completely and write short answers and numbers in their boxes. Any answers will do; get a few wrong to see the marking. On the blank card (page 6) also write a name and fill in a student number.
3. Open MasterTest Marker and tap **Scan an answer key**. Point the camera at the QR code on page 2.
4. Open the exam and tap **Scan answer cards**. Hold each card flat in the frame; the app reads it, marks it and shows the score. Tap **Scan the next card** for the others, then **Finish scanning**.
5. Tap a result to see the card image and the answers read; tap an answer to correct it.
6. **Email grades** prepares a CSV of names, student numbers and scores in your mail app.

The free version marks one answer key with up to 15 students, so this sample needs no licence. The names and numbers are made up.

Teachers make their own exams from a Canvas quiz export with MasterTest Web at https://mastertest.ca. Questions: support@mastertest.ca.

Made with MasterTest Builder 0.4.16.

ANSWER KEY

Quiz 3: Fractions, Ratios and Rates

Instructor copy - do not distribute. Scan this code with the marking software.

32 questions in pre-randomized order - quiz hash 1937dc96 - 575 bytes

Quiz 3: Fractions, Ratios and Rates

ANSWERS

Name: **Amara Okafor**
Student number: **000123456**
Seat: **12**

1800 4739 3038

Fill in bubbles completely with a dark pen or pencil. Do not write on the QR code or the black squares. Print written answers inside their box; for numbers, one digit, - or . per cell.

Correct: ● Incorrect: ⊗ ✓ ⊙

	A	B	C	D
1	Ⓐ	Ⓑ	Ⓒ	Ⓓ
2	Ⓐ	Ⓑ	Ⓒ	Ⓓ

	A	B	C	D
3	Ⓐ	Ⓑ	Ⓒ	Ⓓ
